

Fun on the Trails

Where are we?????

[Regina Ski Club Fun on the Trails Facebook Page](#) is dedicated to RSC bus trips and to anything that is to do with fun while skiing on the trails!!

Regina Ski Club members had a fun time at Moose Mountain Provincial Park for the first trip of the season. As you can tell, these skiers do not look worried about being lost. They are just happy to be out skiing after a snow drought this season!

More fun bus trips are likely to happen as the snow gods have blessed us this month!!!

Regina Ski Club 2023 - 2024 Recreational Bus Trips

-Trip #1-

Kenosha, Moose Mountain Provincial Park, January 6

What a way to start off our delayed ski season!

Forty-five club members thoroughly enjoyed such ideal conditions.

EVEN OUR CHARTER DIDN'T WANT TO LEAVE!

Only bump in the road was our, "going no where bus"

which took some club member persuasion to get back on track.

-Trip #2-

CANCELLED

The Madge Lake, Duck Mountain Day Trip, January 13 was "snow" more!

At least part of the weather was obliging, snow yes, temperatures well let's not go there.

It's a good thing we didn't!

-Now Trip # 2-

Canmore, Alberta, January 25 – 29

Members, most of whom know this trip, has this bus full once again.

Remember a waiting list, is in place for those, "Pining for the Pines".

It's first come first serve to such a highlight trip of our ski season!

-Trip #3-

Something New! Just for You!

Gronlid (Nordic) & Wapiti (Alpine), February 10

Registration has been slow for this trip

If the trend continue,cancellation with a full refund will happen.

Please consider signing up, to not only expand our horizons,
but also support another one of Saskatchewan's treasured communities.

Register by February 2 for Discount Pricing and to guarantee the trip.

LET'S MAKE UP WITH A MAKE UP TRIP!

-Trip #4-

WE'RE BACK

Yes once again to Kenosee, Moose Mountain Provincial Park

This time - Saturday, February 17

The park continues to offer 55 km of superb trails
of cross-country skiing, skate skiing and snow shoeing.

These trails are part of the Little Kenosee Trail System.

Not that long a drive, leaving time for plenty for Great Memories!

Register by February 11 for Discount Pricing and to guarantee the trip.

-Trip #5-

"A Tradition For Many Years"

The Madge Lake Loppet, February 24

Two buses are booked for this trip, one recreational and the other for Jackrabbits.

Last season one bus was canceled due to a lack of participants.

You may want to register early to guarantee your seat for this always great experience!

Register by February 16 for Discount Pricing and to guarantee the trip.

-Trip #6-

"Members Are Excited About This One! "

Eb's Trails and Prince Albert National Park, March 2 – 4

What a way to plough out the end of The Regina Ski Club bus trip ski season!

Register by February 15 for Discount Pricing and to guarantee the trip.

Nordic Facilities Report

Kinsmen Park South

White Butte Trail January 10/24

White Butte Trail January 10/24

White Butte Trail January 10/24

After a late start in mid January, 2 (WBT, KP) of 7 Regina area ski trails maintained by RSC are up & running, albeit under marginal but gradually improving conditions due to low, late snowfall. Three more trails (DP, SC, LSP) are in preliminary base establishment mode, but not really skiable, & one (FH) still needs more snow. And the last one (AEWP) is temporarily not operating due to recently discovered lead contaminated soil, which CoR will deal with over the next several years.

For trail current trail condition updates **consult the [RSC website](#)** (select: Trail Conditions, then a trail, then view in [Nordic Pulse](#)), paying attention to the **exact date the report was issued**, as the weather can alter the information quickly. On [Nordic Pulse](#) photos are included to help convey trail conditions. Press on the photo & all published photos are available. Scroll down to see trail maps that reflect recent trail grooming activity. A clever **Nordic Pulse feature** in the upper right of screen, is a “car icon” that is a guide to each trail location from where you are, well as display the current temperature. Trail reports are published following each grooming, snowfall or as weather or heavy ski traffic demands.

The WBT shelter is now equipped with a touch pad door lock for security reasons. The code & operating instructions will be circulated to all RSC members & school divisions shortly. Be sure to lock up after using the shelter.

So get those skis waxed & go for it, once the cold snap passes.

Reported by Groomer Gregg

Social Events
